BIBLIOTECA NAZ. ROMA VITTORIO EMANUELE

ADMONENDVS es, amice lector, de quibuſdam, ad vſum huius noſtri indicis pertinentibus. Ante omnia ſcito me in colligendo hoc indice, HADRIANI IVNII, doctiſſimi viri, editionem, quæ anno, 1579. ex Plantiniana prodiit officina, duas potiſſimum ob cauſas ſecutum eſſe. Primùm, quia Lugdunenſi & alijs nonnullis exemplaribus, cùm librorum diſtinctione, tum lectionis varietate ac veritate præſtabilior & magis emendata videbatur, non mihi ſolùm, ſed etiam doctiſſimis quibuſdam viris, quos huius laboris & auctores, & moderatores, & cenſores habui. Deinde, cum de Typographi voluntate in adornanda noua Martialis editione, non adeò certus eſſem: Iunianam hanc cæteris præferendam cenſui: vt, ſi fortè Typographus nouam recuſaret indici adijcere, tu tamen eam haberes aliundè, quæ & recentior, & propter cum auctoris ſummam in literis laudem, tum Typographi fidẽ & induſtriam: vtriuſque verò celebritatem nominis eſſet nobilior, atque docto cuique magis approbata.

Ad ipſum nunc indicem quod attinet, habes eum hîc, Candide Lector, non ſingulorum ſolum verborum inueſtigandæ quantitati ſiue proſodiæ accommodatum: ſed coniunctorum etiam ſtructuræ ac proprietati perquirendæ ſatis idoneum. Nam & Epitheta ſuis adiuncta ſubſtantiuis, & vice verſa, ſub-

ſtantiua cum ſuis coniuncta Epithetis planiſſimè inuenies.

Formulas præterea loquendi rariores & elegantiores ita depræhendes excerptas, vt ad propoſitum tuum haud difficulter poſſis accommodare. Numerorum rationem ſic collocatam in toto Indice obſeruabis, vt priori numero, qui Veteri Romano numerandi more latinis literis, j. ij. iij. iv. v. xij. &c. exprimitur, librum: ſequenti verò Ziphrâ, Epigramma, vel ſi plures fuerint, Epigrammata eiuſdem libri, denotari cogites. Verſuum rationem ac numerum aſcribere, ſuperuacaneum duximus, cum ob breuitatem Epigrãmatum, tum quod quærendi laborem, triplici numerorum ordine conſtituto, difficiliorem ac magis impeditum fore, iudicauimus. Numero denique, cum ſigno † præpoſito, libri ſpectaculorum Epigrammata deſignari ſcias. In his autem omnibus colligendis, digerendis, annotandis, quantam maximam potuimus, diligentiam ac curam adhibuimus: quæ ſi in imprimendo quoque (quod nobis de optimi viri, Typographi noſtri, fide ac ſolertia pollicemur) adhibita eſt: ſpe ſum bonâ, vtriuſque noſtrum laborem haud dubiè, te probaturum. Vale, candide Lector, & noſtris fauens conatibus, hiſce, dum meliora damus, ad tuam commoditatem vtere, fruere.

LANGI, nouem cultor ſororum non reſes.
Et cura ter trini Dei;
Si, quod COLERVS atq; REINARTVS meus
Pridem in ſuſſurarunt mihi
Vtramque in aurem, Canditos Muſarum amas
Colisque alumnos mutuò:
Ego claßis extremæ quoque, vltimus licet,
Humilisque vulgi è circulo,
Aures tuas doctißimas non ambigo
Rudibus ferire verſibus
Quod ergo felix! quam ſalutem faucibus
Tibi propino turgidis.
Liquido atque defecato animo bibe ocyus.
Caue tamen commercio
Os literarum mutuo mihi oblinas,
Tuosque anhelantem ad lares,
Omni abſque fuco, reſpuas; quod vix reor,
Spondente mî lubentiâ.
Benè eſt, quieſco. Tu rides potius meos
Anagrammatiſmos accipe,
Lege, iudica: tandemque Vatem Bilbilis
Ad nos iocoſum quem tulit,
